Introductory song written for Beaconside Juniors School, Penrith, April 2008.
Their Vocal Union focus for this term is using music in foreign language teaching.
So we are using a new greeting song every week, with foreign language lyrics,
rather than the Hello Everybody we used last year!
We are also concentrating on pitch rather than rhythm.
It can be sung as a 2-part round and played with using parts and repeating them
eg. voulez- vous chanter?
